Reading Reading the Fire Worksheet

1.	What additional information would you like to have? How could you obtain it?
2.	What stage(s) of development is the fire likely to be in (incipient, growth, fully developed, or decay)?
3.	What burning regime is the fire in (fuel controlled or ventilation controlled)?
4.	What conditions would you expect to find inside this building?
5.	How would you expect the fire to develop over the next two to three minutes?
